

DaDo - DaDo 2.0

Dado and Dado 2.0 are ideal solutions for small jewelry and dental labs, as well as for those new to laser welding. Compact, easy to use, and cost-effective, these machines offer an accessible and versatile option for a wide range of applications. Both deliver exceptional performance, but Dado 2.0 goes even further, providing an enhanced experience. With higher peak power and additional features such as dedicated firmware and continuous firing mode, it offers greater versatility.

Plus

- Innovative
- Compact
- Economic
